## **An adventure of 2 days and 2 nights designed for 1-3 couples!**

Each day, on our two-day trip, you will have a 2-3 hour guided ATV tour of the Tahoe Sierra Nevada Mountains. You'll explore back country that is seldom seen by the average visitor. The cost:

**\$250.00 per person (minimum 2 people required).**

On the first day we provide transportation to your camp site at one of the pristine lakes in the back country. You will have use of our canoe, and a complete camp site setup (including tent, sleeping bag, pad, and pillow).

We will serve breakfast and dinner each day. (As well as a snack lunch.) The first night's dinner includes steak with salad, corn on the cob, and of course baked beans. The second night's dinner features chicken, salad, and rice. Breakfast will be bacon and eggs, toast, coffee and juice. (Tea if you prefer.) On the second day we will serve an egg and potato scramble with toast.

Whether you like to take it easy -- by relaxing and reading a book -- or you want to also hike and paddle the canoe (between riding the ATV and eating, of course) this will be the Highlight of your vacation! Trips are available May through September only.

This is *turn key operational* ... just bring a coat, outdoor clothes, and your book. If the weather does not cooperate, and we can not rebook, we will gladly turn our home into a B and B and give a 50% refund.

Folks, this is about the same cost as staying in the hotel and eating in the restaurant ... don't miss this! Remember, this is truly back country camping (porta potty and no shower). Yet you'll have everything you need! We look forward to meeting you.
